

What does this mean, “Preserving Our Past, Building Our Future?”

The chosen theme can mean a whole host of ideas to the people of Christ the King (CtK). From people who helped charter the church, to our newest baptized members, ***Preserving Our Past*** infers that we have a past that is found in God. We also, have a history of faithfulness by serving God and serving our community. It may conjure up memories of relationships with people or pastors, worship services that spoke to the heart, gatherings, events, service to the community, faithful acts in good and difficult times, ministry groups, or development from our humble beginnings with a knock on the door in 1980. This campaign wants to honor the many people who have been a part of CtK’s faith steps, who have sacrificed to get us to where we are today, as well as looking ahead to see what God has in store.

Building Our Future looks to provide a space to welcome more people who seek God and look for a church home. We build to use our space as a tool especially for those desiring faith formation, equipping the saints, and sending them out into the world for ministry and mission. We are called to share a glimpse of the heavenly kingdom to come, that is also present right here, right now. We strive to continue to mature in faith, as well as seeing worship attendance and membership grow. So there is need for all of us to take faithful steps as God calls, gathers and enlightens us to share the Good News of Jesus Christ. We invite you to join us at CtK to embrace this campaign and journey of faith to reach a world in need of hope for the future.
