

Christ the King Plan to Gather

Criteria For Phase Transitions

Data from the State DHS website will guide our decisions: <https://www.dhs.wisconsin.gov/covid-19/disease.htm>

The RE-Entry Team will look at the data specific to Outagamie, Calumet, and Winnebago counties every Wednesday, tracking:

- Date Data is recorded
- Burden - defined as number of COVID cases per 100,000 population
- Burden Status*
- Trajectory
- Current Phase of the Christ the King *Plan to Gather*

*Consistency among all three counties we serve will be crucial to transitions

The guiding authority for our decision making will be recommendations from the Wisconsin Council of Churches for "Returning to Church." <https://www.wichurches.org/2021/01/14/returning-to-church/> focusing on burden status which is impacted by vaccination rates and percent positive cases.

We will return to gathering in **THREE PHASES** detailed in the document, "*Plan to Gather.*"

- Each phase will be held for 4 consecutive weeks before moving to the next phase, regardless of data – allowing for two full incubation cycles of COVID-19.
- If in phase 2 or 3, we will fall back to the previous phase if an increased burden occurs resulting in a "moderately high" or higher activity level for two consecutive weeks.
- When gathering in Phase 2 or 3 training is conducted for volunteers assisting with worship and custodial support is available at 50% with volunteers in place for cleaning.

We remain in **Phase ZERO** while these things are true:

- Burden rates are very high, critically high

We remain in **Phase ONE** while these things are true:

- Burden rates are Moderately High, High

We move to **Phase TWO** when:

- Burden rates are Moderate
- Four weeks of downward or no change trajectory

We move to **Phase THREE** when:

- Burden rates are Low
- Four weeks of downward or no change trajectory

We move to **Phase FOUR/Full Functioning** when:

- Four weeks of downward trajectory or as data supports relative safety

*Burden Status Notes

- | | |
|---|---|
| <ul style="list-style-type: none"> ➤ Low = Burden # is < or equal to 10 ➤ Moderate = Burden # is > 10 but < 50 ➤ Moderately High = Burden # is > 50 but < 100 | <ul style="list-style-type: none"> ➤ High = Burden # is > 100 ➤ Very High = Burden # is > 350 ➤ Critically High = Burden # is > 1,000 |
|---|---|

*Periodic evaluation of this document will occur by the CtK Re-entry team as science and vaccinations advance
